Come and join us for a

Christmas in HOLLYWOOD Charity Ball

Future Recruitment, along with Elisabeth Shahlavi, are hosting their inaugural Christmas Charity Ball on Saturday 3rd December 2016 in aid of CRY - Cardiac Risk in the Young.

After hearing Lis' story about the sudden and tragic loss of her brother, Darren; Future Recruitment realised that Cardiac Arrest in the Young is a condition that affects so many young people and families. Now, Future Recruitment have decided to join and support Lis in her efforts to raise much needed funds that will help to prevent young people, like Darren, suffering from young sudden cardiac death.

We invite you to experience A Christmas in Hollywood: A night filled with the glamour and sophistication of Tinsel Town with a fun and exciting twist. Expect incredible entertainment, dramatic theming and a Christmas party unlike any other...

Venue

The Hallmark Hotel
Stanley Rd, Handforth,
Wilmslow, Cheshire

Cardiac Risk in the Young

Registered Charity No: 1050845

Since its formation in 1995, Cardiac Risk in the Young (CRY) has been working to reduce the frequency of young sudden cardiac death (YSCD).

It can be hard to believe that a young person who appears fit and healthy may be at risk from heart problems.

However, every week in the UK at least 12 apparently fit and healthy young people aged 35 and under die from undiagnosed heart conditions. In 80% of these cases there are no prior symptoms of a heart defect. Sudden death syndrome is an umbrella term used for the many different causes of young sudden cardiac death (YSCD).

CRY believes the frequency of YSCD can be dramatically reduced by making heart screening available to all young people between the ages of 14 and 35. CRY operates a national screening programme in the UK and funds medical research into the conditions that can cause YSCD.

Your involvement, however small, is crucial to helping us raise awareness about the risk of sudden cardiac death in young people.

By fundraising for CRY you will be helping to:

- Subsidise and expand CRY's national screening programme. Our aim is to make cardiac screening accessible to all young people aged between 14 and 35
- Fund our Bereavement Support Programme to provide counselling and support to affected families
- Support research into young sudden cardiac death
- Develop the myheart Network to provide help, support and information to young people living with cardiac conditions
- Provide all CRY literature and information free of charge upon request
- Develop the CRY Centre for Inherited Cardiovascular Conditions and Sports Cardiology
- Develop the CRY Centre for Cardiac Pathology (CRY CCP)

Darren Shahlavi, a fit & healthy successful Actor and Martial Artist from Stockport died suddenly on 14th January 2015 from a fatal heart attack.

Well known for his physique and lightning-fast martial arts moves Darren was dedicated to exercise and fitness and had a healthy diet – so how could he have an underlying heart condition without knowing it.

Surprisingly heart disease (the silent killer) is not uncommon in otherwise healthy young people, especially men including athletes, footballers, marathon runners and other professional sportsmen and women.

Darren's family are devastated that his underlying heart condition was never diagnosed to allow him the opportunity of treatment and we believe that Darren would be the first to join us in campaigning for accessible screening to be made available to all young people.

Darren's family are working closely with CRY (Cardiac Risk in the Young) in the hope that positive publicity and fund-raising in Darren's memory will enable more young people to access the vital screening that could identify heart problems early and channel them into life-saving treatment.

They hope that no other family has to go through the grief and pain that they are experiencing and that the availability of screening and subsequent treatment if necessary will prevent the tragic outcome that all who loved Darren are trying to come to terms with.

Tickets & Table PACKAGES

Bronze

Individual ticket £100
Table of 10 £1,000

- Drink on arrival
- 3 course dinner

Silver
